Elkay energy management timers and switches deliver a simple but highly effective solution to minimising energy consumption in commercial, industrial & residential settings.

Combining style with functionality, Elkay timers and switches ensure power to lighting and other loads, such as HVAC, can be precisely managed to avoid serious energy wastage, thereby lowering a companies carbon footprint.

The Elkay Energy Management range includes:

· Indoor & outdoor timers,
· PIR & microwave timers for automatic presence detection,
· Flush or surface mounted ceiling PIR timers,
· Plastic free packaging in recyclable and sustainable cartons, and instructions.

Columbus® Pneumatic Timer

Pneumatic time delay switch for controlling incandescent lamps up to 6A, or LED and fluorescent lamps up to 3A (6 fittings maximum).

Pushbutton Timer

Illuminated pushbutton timer with 16A switching and up to 2 hour delay. Concealed screws and last minute indicator.

Touch Timer

Illuminated touch timer with 16A switching and up to 2 hour delay. Concealed screws and last

PIR Timer

Illuminated PIR timer with load switching to 16A. Concealed screws and last minute indicator.

Microwave Timer

Top of the range detector with lux level and sensitivity adjustment for switching loads up to 16A.

Remote Timer

A tamperproof, remote activated timer (16A) for inaccessible areas, stairwells and corridors, etc.

Columbus® Electronic Timer

Easy push, non-stick electronic timer designed to switch loads up to 5A.

Long Pushbutton Timer

Illuminated pushbutton timer with 16A switching and up to 8 hour delay. Concealed screws and last minute indicator.

Ceiling Mounted PIR Timer

A flush or surface mounted PIR timer (10A), with lux, sensitivity and test mode.

Outdoor Pushbutton Timer

Outdoor illuminated pushbutton timer with load switching to 16A. Concealed screws and last minute indicator.

Outdoor Touch Timer

Outdoor illuminated touch timer, enhanced by feather-light touch activation, for loads up to 16A.

Outdoor PIR Timer

Outdoor illuminated PIR timer with passive infrared technology. Delivers automatic 'fit and forget' control of loads up to 16A.

Standard Pushbutton Timer

Universal electronic pushbutton timer (10A), suitable for all lighting applications, delay setting

Standard PIR Timer

PIR timer with passive infrared technology delivering automatic 'fit and forget' control of up to 10A.

Standard Outdoor Pushbutton Timer

Outdoor pushbutton timer control loads up to 10A, with time delay from 2 minutes to 1 hour.

Fireproof Ceiling PIR Timer

Fireproof ceiling PIR Timer (10A) for newbuilds or difficult to access areas. Building control compliant.

PIR Occupancy Sensors WH

Surface Mount PIR Occupancy Sensors (Ceiling mount, 6A). Suitable for lighting , heating, ventilation systems and contactor coils. White.

PIR Occupancy Sensors BK

Surface Mount PIR Occupancy Sensors (Ceiling mount, 6A). Suitable for lighting, heating, ventilation systems and contactor coils. Black.

Elkay - energy saving switches and controls are committed to helping homes, offices and businesses reduce their carbon footprint and achieve net zero.

The UK and other countries are committed to reaching net zero by 2050. This means that the total greenhouse gas emissions would be equal to the emissions removed from the atmosphere, with the aim of limiting global warming and resultant climate change.

Whilst we are globally switching energy generation from fossil fuels to renewables such as wind, solar and tidal, we must also make sure we reduce our usage of power.

We have simple, reliable and great value products that reduce your energy usage on day one and for as long as they are installed with a payback of just months.

With plastic free packaging and a strong commitment to sustainability Elkay leads the way in energy saving products with a unique 6 year warranty.
